Re: 20-40ZD: Zoning Determination, 1016A North Market Street, Frederick, MD

Dear Ms. Sharrer-Holland:

In response to your letter dated January 13, 2020, Staff has prepared the following information:

The subject property, 1016A North Market Street, (the "Property"), is zoned IST (Institutional), which is a floating district. Per Section 401, Table 401-1 of the Land Management Code (LMC), the IST district's purpose is to provide for public, private or non-profit owned areas when the public is invited or permitted to congregate. This includes hospitals, houses of worship, schools, government offices and facilities, and other similar facilities. The Property is also located in the WHO (Wellhead Protection Overlay). The purpose of this overlay district is to protect the public health, safety, and welfare through the preservation of the ground water resources of community public water supplies to ensure a future supply of safe and healthful drinking water. The designation of the wellhead protection districts, and careful regulation of development activities within these districts, can reduce the potential for ground and surface water contamination.

Ordinance G-08-15 (attached hereto) adopted on October 2, 2008 rezoned the Property to apply the IST floating zone, replacing the R8, Medium Density, base zone, subject to the condition that any future improvements to the Property are in accordance with the development regulations governing the base zoning of the Property at such time that the improvements are proposed.

The use of the Property as a recreation, social services center with related ancillary offices is permitted within the IST zoning district.

There are no proceedings or active violation cases for the Property on record at the City at this time.

If you have any further questions please don't hesitate to contact me at (301) 600-4588 or skelly@cityoffrederickmd.gov.

The purpose of the service provided by the Zoning Administrator regarding determinations/interpretations is to identify the zoning of a particular property, to verify that a use is permitted or permissible in a specific Zoning District and to clarify and interpret the Land Management Code. Any questions regarding specific regulations and requirements for a site or sites' compliance with the Land Management Code not addressed in this letter shall not be the responsibility of the Zoning Administrator. It is the responsibility of the applicant, property owner and/or property purchaser to review the project site plan and the Land Management Code for compliance.

This determination applies solely to the referenced property and is not binding upon the City, the Zoning Administrator or any other official with respect to any other property. No person may rely upon this determination with respect to any property other than the referenced property. Please be advised that any person aggrieved, or any officer, department or agency of The City of Frederick affected by an order, requirement, decision, or determination made by an administrative officer in the administration or enforcement of the provisions of the Land Management Code may appeal said decision within thirty days to the Zoning Board of Appeals.

Sincerely,

Sherry Kelly, AICP
City Planner

In Concurrence,

Joseph A. Adkins, AICP
Zoning Administrator/Deputy Director for
Planning
