Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Frederick, Maryland is an entitlement community under the U.S. Department of Housing and Urban Development’s (HUD) Community Development Block Grant Program (CDBG). The City of Frederick has prepared its 2016 Annual Action Plan. This is second year of the plan which outlines the projects and activities designed to meet priority needs identified in the City’s Consolidated Plan and tie into HUD’s overarching objectives which are to provide decent housing, to provide suitable living environments and to provide economic opportunities, particularly for low to moderate income persons.

The City of Frederick has been awarded CDBG funds totaling $366,697 for Grant Year 2016 (July 1, 2016 to June 30, 2017), with anticipated program income $25,000 from loan repayments and property sales. There are no proceeds from Section 108 loan guarantees. The City’s estimated percentage of CDBG funds that will be expended for low to moderate income persons is 100%; certification are for the years 2015, 2016 and 2017.

Activities to address a wide range of housing issues includes providing loans to first-time homebuyers for down payment and closing cost assistance and rehabilitation for residential properties will be undertaken. To better serve the greater number of beneficiaries, the City has elected to use the 2016 “uncapped” income limits. These limits are provided and approved by HUD for a limited number of grantees in the nation, of which the City of Frederick is eligible. The uncapped limits will be restricted to the homeownership activities – Sold on Frederick and Operation Rehab. Additionally, as permitted by HUD, a restricted portion of the grant funds will be expended for administrative (including fair housing) and planning costs as well as public services.

3. **Evaluation of past performance**

The City of Frederick strives to equitably allocate Community Development Block Grant (CDBG) funds to income eligible areas and persons throughout the City. The City has funded activities to meet its FY 2016 Annual Action Plan goals and objectives. Frederick's CDBG Program regularly meets the performance standards established by HUD. Each year the City prepares its Consolidated Annual Performance Report (CAPER) which summarizes the objectives it has addressed in achieving the goals and objectives of the City of Frederick.

Timeliness - The City takes great pride and works diligently in the administration of the program and with sub-recipients to maintain timely status in the disbursement of grant funds and met its test in 2015.

Timely funds disbursement - The City has a well-established financial management policy which governs the timely payment of expenditures and receipt of income/credits. Each month, DPCD staff receives a
detailed account activity report from the City’s finance department from which the drawdown requests are made in IDIS. The account activity reports detail the expenditures for each activity in the previous month. From these reports, drawn down requests are entered into IDIS and approved by the 20th of each month.

Addressing the emergency shelter and transitional housing needs of homeless persons

Frederick Community Action Agency is hopes to expanding its permanent supportive housing programs to open up beds at the emergency shelter and transitional shelter locations.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Frederick County Coalition for the Homeless Continuum of Care provides supportive services to homeless persons to enable them to make the transition from homelessness to offer forms of permanent housing. They have found the first year after homelessness is the most important time period for supportive services to be made available to achieve the highest possible levels of success.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Maryland Department of Health & Mental Hygiene (DHMH) provides referral services and case management to persons being discharged from such institutions to ensure that those persons receive supportive services they need. FCAA also provides referral services and information on affordable

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

A variety of barriers exist which make increasing the affordable housing stock in the City of Frederick difficult, factors such as low wages not keeping pace with the overall cost of living, federal programs not matching the need, and high rents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Frederick has made attempts to address barriers to affordable housing by incorporating inclusionary zoning with an ordinance for Moderately Priced Dwelling Units (MPDU’s) which requires the ratio of 12.5% per every 25 new units built. A density bonus is available to developers as an encouragement to build additional affordable units. The use of zoning as a tool for affordable housing is also featured with mixed housing types which can aid in the provision of affordable units.

Discussion

The City of Frederick is committed to removing or reducing barrier to the development of affordable housing whenever possible throughout the City. A variety of actions include, among others, to reduce the cost of housing to make it affordable. To achieve this goal, the City has allocated PY 2016 CDBG funds for the following activities to affirmatively further fair and affordable housing:

- 2016-01 Planning, Administration & Fair Housing – The City of Frederick annually produces the Fair Housing Conference to promote education and awareness to real estate professionals in the month of April. Additionally, they are active participants in the promotion and administration of the Maryland Association of Realtors Fair Housing contest for students ranging from kindergarten to eighth grade. Art work is chosen on how best the fair housing theme was conveyed.

- 2016-03 Sold on Frederick II – Down payment and closing cost assistance for low to moderated income persons for the purchase of single family owner occupied home.
AP-85 Other Actions – 91.220(k)

Introduction

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting the needs of the underserved in the City is the limited financial resources available; the City will take the following actions:

Leverage its financial resources and apply for additional public and private funds, provide down payment and closing costs assistance loans, continue support and cooperation with Continuum of Care, promote economic development, provide safety improvements and to remove blight and blighting conditions in the City.

Actions planned to foster and maintain affordable housing

The City of Frederick will fund the following affordable housing projects with 2016 CDBG funds:

2016-04 Operation Rehab - Loan Assistance to primary residential owner occupied single family homes in need of rehabilitation to correct violation, health or safety issue - $30,000

Actions planned to reduce lead-based paint hazards

The City will continue to comply with Title 24 Part 35: Lead-Based Paint Poisoning Prevention in Certain Residential Structures (current rule.). Properties built prior to 1978 will require a lead paint risk assessment in accordance with 24 CFR part 35.

Actions planned to reduce the number of poverty-level families

Approximately 11.2% of the City of Frederick's resident's live in poverty which is greater than the State of Maryland where 9.6% live in poverty. Female headed households with children are greatly affected at 22.6%. The goal of the City is to assist other agencies and organizations to reduce the extent of poverty.
Actions planned to develop institutional structure

The City of Frederick's Department of Community Development will coordinate activities among public and private agencies in the City. This coordination will ensure the goals and objectives stated in the 2015-2019 Consolidated Plan will be effectively addressed by more than one agency. Efforts are always underway to develop new partnerships to continue the linkage between public and private partnerships.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Frederick is committed to continuing its partnership and coordination with social service agencies, housing agencies, community and economic development agencies, county, state, federal agencies as well as private and non-profits organizations to serve the needs of the target income persons and families of the City of Frederick.

Citizen Participation Plan

This Citizen Participation Plan outlines the public participation process that will be used by the City of Frederick Maryland in the planning and implementation of housing and community development programs and activities included within a Consolidated Plan. This process is undertaken in accordance with U.S Department of Housing and Urban Development (HUD) regulations found in 24 CFR Part 91. It is an essential component of Frederick’s Consolidated Plan. The programs included in the Consolidated Planning process are the U.S Department of Housing and Urban Development (HUD) Community Development Block Grant Program, other federal, state, local and private sector activities and programs addressing housing and community development needs within the City of Frederick.
The overall goal of community planning and development programs covered by HUD’s consolidated planning rule in 24 CFR Part 91 is to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities principally for low and moderate income persons. Citizens of Frederick are encouraged to participate in the development of housing and community development programs. This participation is of great use to the City in identifying needs, developing priorities and assessing the effectiveness of ongoing activities and programs.

Participation by low and moderate-income persons, residents of blighted areas, residents of predominantly low and moderate-income neighborhoods and of public housing, by minorities, by non-English speaking persons, and by persons with disabilities is especially encouraged. When the Planning and Community Development Department is notified that a significant number of non-English speaking persons are interested in participating in a community development meeting translation assistance will be provided.

The City of Frederick will provide citizens, public agencies, and other interested persons with reasonable and timely access to information and records relating to housing and community development plans and programs and the use of housing and community development funds. There will be open access to all meetings. Documents related to Frederick housing and community development programs will be made available to citizens upon request. Information will also be available to the public through, the City of Frederick web page, brochures, news media and will be available at City Hall.

Persons who have a concern or complaint on housing or community development programs should contact the City of Frederick Department of Planning and Community Development, 140 West Patrick Street, Frederick, MD. Phone 301-600-1499. Persons making telephone calls will be provided a verbal or written response as determined by the Department. Persons submitting written complaints will be provided written responses within 15 working days, where practicable.

Plan Development

The City’s Department of Planning - Community Development Division will be the lead agency for developing Frederick’s Consolidated Plan, Annual Action Plan and Consolidated Annual Performance and Evaluation Report (CAPER).

The process for the development of the five-year Consolidated Plan shall be as follows:

- The Department will consult with appropriate City, County and State departments and agencies and with housing, community development and human services organizations, neighborhood organizations and the public at large to compile the background data, to assess and prioritize needs and to develop a Strategic Plan element including specific objectives.

- The Department may obtain the required information by mail and or e-mail survey, interviews with departments and agencies and organizations working in housing and community development and will hold at least one public hearing to seek input on housing and community development needs and possible activities and programs for the planning period. Notice of date time and place of the meeting will be given in a newspaper of general circulation within the City at least two weeks prior to the meeting date.

- Before The City of Frederick adopts a Consolidated Plan or Annual Action Plan, it will make available to citizens, public agencies and other interested parties, information which includes the estimated amount of
funds the City expects to receive and the range of community development and affordable housing activities that may be undertaken, including the amount that will benefit very low- and low-income persons. This information will be included in the proposed Consolidated Plan. Information will also be included regarding the City’s plans to minimize displacement of persons and to assist any person(s) displaced. Citizens and organizations will be invited to submit specific proposals for review by the Department for inclusion in the Action Plan.

- The Department will provide technical assistance to groups that are representative of persons of low and moderate income in developing proposals for funding. The level of assistance to be determined by the Department based on available staff resources. This assistance will not guarantee the provision of funds to the groups.

- The Department shall be responsible for determining if a proposal for an activity is eligible for inclusion in the Annual Action Plan in light of 1) the criteria for meeting a National Objective of the CDBG Program, 2) eligibility requirements for activities under HUD regulations, and 3) the specific objectives of the Consolidated Plan.

- The Department will be responsible for evaluating proposals considered for inclusion in the Annual Action Plan and may employ ad hoc advisors consisting of persons knowledgeable of housing and community development programs to assist in this evaluation of proposals. The public will be given an opportunity to make comments to the Department and ad hoc advisors on all proposed projects and programs at one or more public meetings for that purpose. Notice of the date, time and place of the meeting(s) shall be given in a newspaper of general circulation within the City at least two weeks prior to the meeting(s) date.

- The Department will propose an Annual Action Plan with funding levels for projects and programs and recommend that plan to the Mayor and Aldermen. Public notice will be given that the plan is available for review and comment no less then 30 days prior to adoption. The notice will summarize the contents and purposes of the plan, locations where the plan is available for review, and how to obtain a copy of the proposed plan. The recommended Plan will be available to persons interested in housing and community development, made available at City Hall, on the City’s website, and distributed by other available methods.

The Mayor and Board of Aldermen will hold a public hearing on the proposed plan/amendment during this comment period. After the 30-day comment period, the Mayor and Board of Aldermen will consider any comments or views of its citizens received in writing, or orally at the public hearings on the Consolidated Plan, Action Plan, or substantial amendment. **Plan Amendments**

The City of Frederick may amend its Consolidated Plan as the need arises. Any substantial amendments to the Consolidated Plan or Action Plan will provide for a 30-day public comment period. Citizens will be provided with reasonable notice and an opportunity to comment on the proposed amendment.

Notice of the proposed amendment, a summary of its contents, the instructions on how to receive a copy of the amendment, and the final date for submission of written comments will be published in a newspaper of general circulation within the City at least 30 days prior to the Mayor and Board of Aldermen meeting at which the change will be considered. Copies of the proposed amendments will be made available at City
Hall, on the City’s website, and distributed by other available methods.

- **New Activity** – a previously unidentified activity (based on HUD’s Matrix Code system) will receive funding allocation to undertake an activity allowed under the program rules and regulations.

- **Change in Activity** – Using the IDIS HUD Matrix Code, if the allocation of funding requires a change from one numeric code to another numeric code to undertake an activity allowed under the program rules and regulations.
  - An example would be moving funds between 03A (Senior Center) to 16A (Historic Preservation) would require an amendment to the Consolidate Plan.

- **Change in Activity Location** – Unless identified in the Action Plan as a citywide activity, a new or different specific activity location has been identified different than an activity location that has been previously identified in the plan.

- **Cancellation of a Funding Allocation** – funding for a previously identified activity, program or project is canceled as originally stated in the plan.

- **Change in Funding Allocation** – an identified activity requires an increase or decrease in funding which exceeds fifty (50) percent of the original funding allocation.

- **Emergency Action Plan Amendments** – It may be necessary to amend the Action Plan in response to emergencies. Notice of proposed emergency changes will be published in the newspaper at least 7 days prior to the Mayor and Board of Aldermen meeting at which the change will be considered.

The Mayor and Board of Aldermen will review and comment on all proposed substantial changes. Notice of proposed substantial changes will be distributed to the news media, distributed to persons interested in housing and community development, and published in a newspaper of general circulation within the City at least 30 days prior to the Mayor and Board of Aldermen meeting at which the change will be considered. The Mayor and Board of Aldermen will consider all comments on the proposed change prior to taking action. The Mayor and Board of Aldermen may make the proposed change, reject the proposed change, or make a modified change. An explanation will be made available for public review of written comments and other public comments not accepted by the Mayor and Board of Aldermen.

**Performance Reports**

The Department will be responsible for preparing all reports on the programs and activities including the Consolidated Annual Performance and Evaluation Report (CAPER).

Prior to submitting the CAPER (annual performance report) to HUD, copies will be available for public comment and distributed to the Mayor and Board of Aldermen. Notice of the availability of the report will be published in a newspaper of general circulation within the City at least 15 prior to days the Board of Aldermen conducting a public hearing on the CAPER.
