

COMMERCIAL BUILDINGS

PURPOSE

This Information Bulletin identifies minimum items required to submit for plans review of commercial buildings. The department will review the submitted information within five (5) working days to determine the active status. If the minimum submittal requirements are not met, the application and plans will be placed on hold until revisions are re-submitted by the applicant. If minimum submittal requirements are met, the application will be further processed for plan approval. **Plans may be submitted anytime between the hours of 7 a.m. and 3:30 p.m. on any working day.**

PRE-APPLICATION MEETING

A pre-application meeting between the design professional and the plans reviewer to discuss Code requirements is recommended and available upon request. Contact: David Moats at 301-600-3816 or dmoats@cityoffrederick.com

PERMIT APPLICATION

Building Permit application must be completed in entirety. The owner or their authorized agent can fill out the information required on the application. If the permit applicant is not the owner of the property where the work is to be done, the applicant must provide a **notarized affidavit from the owner of the property** allowing them to act as the authorized agent of the owner.

APPLICATION SUBMITTALS

- Five (5) identical sets of construction documents* (plans and specifications). Only two (2) spec. books.
- Five (5) copies of a site plan approved by the Planning Commission and the City Engineer are required for permit submittal.
- Water and Sewer Allocation Application (with Exhibit 1 of contract if applicable).
- APFO (Adequate Public Facilities Ordinance) Exemptions or provide Certificates of Approval.
- **FOR RESTAURANTS, FOOD PREPARATION OR WHEN PERISHABLE FOOD involved:** The City of Frederick Building Dept. **WILL REQUIRE**, at the time of submission of application for any permit for new construction and/or renovation to any structure or site relating to restaurants and/or food preparation or perishable food, a Letter-of-Approval from the Frederick County Health Department (301-600-3175).

***NOTE:** For work at a cost of over \$5,000, State licensing laws require that certain construction documents be signed, sealed, and dated by an architect or engineer licensed in the State of Maryland before they are submitted for review.

PLAN REVIEW AND PERMIT PROCESS

Depending on work load, Plan review comments are generally returned within four (4) weeks if on hold. For permit status or clarification or additional information for a specific project, call (301) 600-3829 or visit the Building Department at 140 W. Patrick Street. For Code questions, please call or email one of the Building Plan Reviewers, Dave Moats at 301-600-3816 dmoats@cityoffrederick.com

- **WATER and SEWER ALLOCATION and IMPACT FEE:** These fees must be paid prior to permit issuance.

On July 1st, 2012 the ordinance for Water and Sewer Allocation and Impact fees were combined per Frederick City Code, Article IX. , Water and Sewer Allocation and Impact Fees, § 25. This ordinance governs impact fees and allocation of public water and sewer to all development projects requesting new and/or additional public water and sewer from the City. Click here to view the ordinance or visit <http://www.cityoffrederick.com/index.aspx?nid=652>

(Note: If you do not have access to a computer, contact the Permits office at 301-600-3808 to obtain a copy of the ordinance.

This ordinance requires that all new residential and non-residential projects obtain an allocation of water and sewer unless a current contract exists. New or additional Water and Sewer allocation will be granted at application for building permit and impact fees are based on the allocation amount granted. Redevelopment projects as defined in the ordinance are not required to request an allocation, but if the owner feels that the proposed tenant will increase water and sewer capacity it is recommended that an allocation be requested. All projects, other than residential, will have consumption amounts reviewed at 1yr and 2yrs respectively. If the usage has increased beyond the base amount or allocation granted an additional allocation will need to be procured and the associated impact fees be paid.

If an applicant/owner does not agree with the findings of the reviewer regarding water and sewer allocation or consumption, an appeal can be submitted to the Water and Sewer Service Committee for review. Meetings are held on an as-needed basis on the third Wednesday of the month. Please select the link below to view the Water and Sewer Service Committee webpage. <http://www.cityoffrederick.com/index.aspx?nid=144>

- **WATER & SEWER UTILITY CONNECTION FEES:** Fees must be paid prior to permit issuance.
These fees are based on the size of new water service, water meter and sewer service shown on the drawings and calculated during the plans approval process.

NOTE: PAYMENTS are accepted by CASH or CHECK (The City of Frederick) only.
All fees are non-refundable and non-transferable.
